OKR EXAMPLES

OBJECTIVE

Ensure a reliable, scalable, and secure online platform to enable successful operations for internal teams and external customers.

KEY RESULTS

- Increase database security and integrity risk mitigation metrics by 10%.

- Ensure all new hires take Security Awareness training and have deployed Mobile Device Management solutions within 30 days.

- Obtain Service Organization **Control** 2 Type 1 certification.

- Reduce average response time to customer security and compliance requests from 3 business days to 2.
